

Zachary “Zed” Chance

Roseville · California zchance@csus.edu (530) 416-0928

EDUCATION

CALIFORNIA STATE UNIVERSITY: SACRAMENTO 2020–2022

Bachelor of Science – BS, Computer Science

Mathematics Minor

SIERRA COLLEGE 2018–2020

Associate of Natural Science – AS, Computer Science

EXPERIENCE

STUDENT EMPLOYEE 2021–CURRENT

Student developer for SecTutor project, supervised by Professor Jun Dai. SecTutor is an intelligent tutoring system (ITS) funded by the NSF to study common misconceptions in secure programming. Lead development on web app built using Django.

COMPUTER SCIENCE TUTOR 2019–CURRENT

Computer lab instructional assistant, providing support for students in all lower division computer science courses.

Student developer for Theia Sierra IDE project, supervised by Professor Barry Brown. The Theia Sierra IDE project is an online development environment for students. Built using open source software Docker and Eclipse Theia.

PROJECTS

REELRADIO INC. SENIOR PROJECT

Our team revamped the ReelRadio website using an Agile process. We worked with our client to develop mockups, prototypes, and user stories. Implemented changes in 2 week sprints, including documentation and version control.

OSCARS REST API

Our team developed a RESTful API that returns information about Oscar nominated movies. Developed using Agile principles and code review. Implemented in Java using Spring.

SKILLS

C Java Python git Docker Linux Tutoring
